HELP WIN the WAR PLANT for VICTORY

RELAX NERVES - - - MAINTAIN MORALE

Plant Trees, Shrubs and Flowers

KEEP UP MORALE

War puts a heavy strain on nerves and morale, yet we cannot afford to let it. Morale must be maintained at home if we are to back our men in the service and keep them fighting. Loosen your tightened nerves; revive your jaded spirits. You can find relief from the cares and worries of war amid surroundings of beauty and color. In your garden of flowers you can find escape from the troubles of the day.

PLANT A VICTORY GARDEN

When you plant fruits for your Victory garden, plant also a few trees, shrubs and flowers to make life more bearable and to keep your spirits at the peak. Gardening fits perfectly into the picture of the next few years, when you will need relaxation from world troubles, and you can also contribute to our government's National Victory Garden Program by planting and caring for a garden.

NO PRIORITIES ON FLOWERS

There are no priorities on flowers and plants to beautify your home and grounds; neither will there be any rationing of nursery products. We look forward to serving you this season with the finest and most complete selection of garden plants ever offered. The list which you will find in these pages is all inclusive, representing everything that is REALLY GOOD in garden plants.

"GARDEN ARISTOCRATS 1942"

If you are interested in the new and finer plants for your garden, we urge you to give the following list of varieties your careful consideration.

Those herein listed are not the ordinary garden run varieties of plants as found elsewhere. Instead, they are the modern creations of the foremost plantsmen and hybridizers, and assembled from the four corners of the globe, to add new beauty, interest and charm to your garden.

It costs no more to grow the new and better varieties; in fact, you can afford to plant ONLY pedigreed plants in your garden, if you would obtain the most enduring pleasure and the greatest return for the thought, effort, time and money invested. We believe in the new varieties, and are ever on the alert to discover and test new plants of real merit and dependability which we can recommend as being worthy of a place in your garden. We value your confidence in our ability and judgment, and have listed below some of the fine new plants of recent years which we are happy to recommend to you, without hesitation, as real "Garden Aristocrats."

ACACIA, Orchid Flowering *Idahoensis*

A new variety producing long clusters of sweet-pea-like flowers of a deep orchid pink. Easy and fast growing tree of great beauty. Very hardy and flowers in June. 7-8 ft. \$2.50; 8-10 ft. \$3.00.

AMARYLLIS LILY, (Hardy Magic Lily)

This hardy *Amaryllis* is one of the most interesting plants grown. Attractive green foliage in the Spring which disappears in midsummer. About a month later, as if by magic, the flower stock appears, bearing a cluster of 7 to 12 fragrant, lily-shaped flowers of delicate lilac-pink, shaded blue. Perfectly hardy, and may be left in the ground year after year unmolested. Big husky bulbs, \$1.00 each; 3 for \$2.50; 10 for \$7.50.

AMPELOPSIS

Tricuspidata Lowi (Geranium Ivy)

This small leaved Boston Ivy is a charming, self-clinging and quickly climbing vine. The leaves are small, palm-like and deeply lobed, turning into beautiful Autumn tints before falling. Its effect is tracery-like and does not completely cover the brick or stone work. Replacing the common Boston or Veitchi variety. Each, 75c.

APRICOT, Flowering "Dawn"

Lovely double pink flowers in great clusters adorn this beautiful upright-growing tree in early Spring. A new and very desirable member of the flowering tree group. Richly fragrant. 3-4 ft. branched trees, \$1.65.

ASTER, *Frikarti*—"Wonder of Staffa"

Lavender-blue flowers from 2 to 2½ inches across, produced from June first until the middle of November. Does well in light shade, and comes to perfection in full sun. One of the finest

perennials ever introduced. Flowers are excellent for cutting. Each, 40c.

CYDONIA JAPONICA, New Hybrids— (Flowering Quince)

New, improved forms of the old favorite Japanese flowering Quince. New colors, larger flowers with longer blooming period, and better habit of growth, making a notable achievement in this popular shrub. Highly recommended. Available in the following colors: Orange Red, Salmon, Salmon Pink. 18-24 in. size, each \$1.25.

ESPALIER FRUIT TREES

For planting in limited areas, against walls, trellises, fences, etc. These trees are grown on dwarf roots, never become excessively large, are trained and shaped by experts, and bear fruit as very young trees. Plants are 5 years old, with three series of branches on each side. Available in the following varieties; Apples: Red Delicious, Yellow Transparent, Rome Beauty. Pear; Williams Butter variety. Each \$7.50.

GINKGO, *Biloba* (Maidenhair Tree)

Probably the oldest known tree, and the sole existing one of ancient geological periods, which develops into a broad, pyramidal shape of great dignity. The foliage is unlike that of all other trees, the leathery fan-shaped leaves resembling the leaflets of the Maidenhair Fern. A rare Asiatic tree, it is perfectly hardy here, immune from insects and disease, and not particular as to soil. Foliage turns golden yellow in the Fall. 8-10 ft. Each, \$6.00.

IRIS, *Shilka*

This new, hardy, *everblooming* Orchid Iris comes from the wilds of Siberia. Blooms six to eight weeks continuously

after all other Iris are gone. Delicate tones of superb orchid and blue, mingled with creamy white as found in the finest orchids. The flowers of the Shilka are delicately fragrant, a remarkable attribute to an already beautiful flower. Everyone who likes other Irises should plant this newest and finest, Shilka Iris. Each, 60c.

LABURNUM, Vossi—(Goldenchain)
Golden-yellow flowers which hang in Wisteria-like clusters to as much as 18 inches in length. Deservedly one of the most popular of all the flowering trees. Profuse bloomer. Very unusual and beautiful. 6-8 ft. Each, \$3.00.

**LILAC, FRENCH HYBRID—
"Leon Gambetta"**
Generally considered the finest French Lilac. Pinkish-lavender blooms of great size which are double. Real lilac fragrance. In containers. 2-3 ft. \$2.25; 4-5 ft. heavy blooming specimens, each \$3.50.

PEACH, Dwarf Flowering
A delightful little dwarf flowering shrub related to the handsome flowering Peach tree. Makes a dense and compact little plant that is literally a mass of brilliant double red flowers in early Spring. A most colorful little shrub for the rock garden or the front of the flower border. New and delightful. 9-12 in. \$1.50.

PEONY, Le Cygne—(The Swan)
Very large, perfectly formed flower, freely produced. Creamy white and the finest Peony of that color. Received a rating of 9.9 points by the American Peony Society, which is the highest rating ever given to any Peony. Highly recommended. Large potted plants, each \$2.50.

POPPY, Oriental "Sass Pink"
No doubt one of the finest and largest pink Poppies. The immense blooms are of fine crepe texture and lovely light, delicate flesh-pink color, with a gray-mauve center. Potted, each, 50c.

**PYRETHRUM, "Miami Queen"—
(Painted Daisy)**
A large anemone-crested double Pyrethrum with long guard petals of deep rose and a center tuft of dainty pink. Tall growing and long stems that are excellent for cutting. Each, 35c.

ROSE, Everblooming—"Heart's Desire"
A NEW rose for 1942, which we are happy to recommend, after observing it in our test garden last year. Exquisite, slender buds of deep velvety red which do not fade. True, rich old-time rose fragrance. Selected highest award winner in the "All America Rose Selections" for 1942. Plant Patent No. 501. Each, \$1.50.

ROSE, Everblooming—"Santa Anita"
A newcomer to our test gardens last

year which we think one of the finest new roses. The buds are perfectly formed, high centered, slender and of a rich deep pink which does not fade. Bushy plants bloom heavily all Summer. Another "All America Rose Selections" winner for 1942. Patent Applied For. Each, \$1.50.

ROSE, Everblooming—"Sterling"
Bright pink flowers of splendid form come singly on vigorous growing plants. A consistent prize winner at rose shows everywhere. The beautiful blooms come singly on strong, erect stems. It has intense, true rose fragrance. One of our favorite roses. Plant Patent No. 21. Each, \$1.00.

ROSE, Everblooming—"Treasure Island"
This new rose is an improvement over Countess Vandal, which is one of its parents. Long pointed, two-toned buds of brilliant coppery-orange and salmon pink, on long stems that are ideal for cutting. It is a darker color than the "Countess," and colors well at all times during the season, and in any weather. Winner of many medals and awards. Each, \$1.00.

SHASTA DAISY, "Mount Shasta"
New for 1942
New for 1942. The largest and finest double, *everblooming* Shasta Daisy. Pure white, high crested, with fully double flowers 4 inches across. Highly recommended. Each, 75c.

**VIBURNUM, "Burkwoodi"—
(Gardenia Scented Snowball)**
The most outstanding novelty flowering shrub that has appeared in recent years. Large heads of fragrant Gardenia scented, pinkish white flowers appear very early in Spring. Foliage is a rich glossy green, turning attractive bronze shades in the Fall. Fast growing, very hardy, with semi-evergreen foliage. Highly recommended. In containers. 2-3 ft. \$2.50; 3-4 ft. heavy specimens, \$6.00.

WILLOW, French Pussy Willow
An especially fine type of Pussy Willow. The French variety has exceptionally large catkins, pink in color, which are superior to the usual variety. This type is often used by the florists. 5-6 ft. \$1.25.

WISTERIA, Weeping Tree Form
The beautiful Wisteria grown in tree form. Makes a wide spreading tree, from which hang hundreds of the lovely Wisteria flowers, which appear before the leaves. Plants usually bloom intermittently all through the Summer, and one tree will perfume a whole yard with its delicious fragrance. Plants are 5-6 feet tall, spread about 4 feet, and all have bloomed in our nursery. Free delivery and planting. Blue, \$7.50; Pink, \$8.00; White, \$8.50.

Kirkland's Quality
 Everblooming GARDEN ROSES
 THE WORLD'S FINEST

There are thousands of rose varieties, but we offer only the very best of both the new and the old kinds. Every rose in this list is a good one, so it's just a question of choosing the color and type that you prefer.

We have tested every variety here offered in our extensive rose trial gardens, and in this manner, have eliminated all guesswork and disappointment from your selections in roses.

Each year, we offer you only the cream of the crop. Our bushes are big husky plants, just bursting with pep and vitality, the finest produced anywhere, and they will give you utmost pleasure and satisfaction. We DO NOT sell so-called bargain or competitive roses; culls, seconds, discards, or other types of cheap plants, believing them a waste of your time and money.

Our knowledge and experience is always available to assist you in the proper selection of varieties for your garden. We have designed and planted many outstanding rose gardens in this vicinity. Let us plan YOUR rose garden.

The following descriptions are largely our own, the result of many years' observation and experience, and every effort has been made to be truthful and accurate.

If you want the most success and enjoyment from your roses, give our plants a trial.

ROSE PRICES

All 60c roses are 3 for \$1.50; \$6.00 per dozen.

All 75c roses are 3 for \$1.89; \$7.50 per dozen.

All others as priced in catalog. No exceptions.

ALICE STERN

Long pointed, perfectly formed large white buds. The flowers are very large and double, ivory-white, tinted cream in the center. Vigorous, upright growing plants, with dark, bronzy green foliage. One of the best white roses grown. \$1.00 each.

APRICOT QUEEN

A lovely combination of colors is to be found in this NEW rose. Orange and apricot at the base of the petals, merging to salmony rose and phlox pink in the fully developed bloom. The buds are long and pointed, ideal for cutting, and remind one of an intensified Mrs. Sam McGredy in color. "All America Rose Selections 1940." Plant Patent No. 464. \$1.50 each; 3 for \$3.75.

Potted Roses Available All Through the Summer and Fall.

AUTUMN

An unusual combination of deep burnt orange and pink, streaked with red. Bush is a strong upright grower. Very popular. 60c each.

CALEDONIA

One of the best white roses. Long buds, and large, double, lasting blooms. Blooms sometime "ball" in Summer. 60c each.

CALIFORNIA

Another NEW introduction which is outstanding. Color is a glorious shade of ruddy orange toned with saffron yellow, with the exterior of the petals overlaid with Saturn rose. Buds long and pointed, flowers of enormous size, of a diameter of six inches. "All America Rose Selections 1940." Plant Patent No. 449. \$1.50 each; 3 for \$3.75.

CATALONIA

The bud is large, ovid, opening to a very double flower of bright scarlet, shaded orange. The plant is a vigorous bushy grower and prolific bloomer. Probably the most vivid rose in the garden. 60c each.

CHARLOTTE ARMSTRONG

This NEW rose has been very outstanding, after two years' observation. The color is blood-red in the bud, cerise-red in the open flower. The bud is long and pointed, high centered, and the plant will outbloom most other roses in the garden. Highest winner in "All America Rose Selections" for 1941. Plant Patent No. 455. \$1.50 each.

CHRISTOPHER STONE

An outstanding NEW, red rose that is acclaimed everywhere. A most brilliant shade of scarlet, with a velvety crimson sheen, make this flower stand out in the garden. The long, pointed, well formed buds are ideal for cutting. Very prolific and fragrant. \$1.00 each.

CONDESSA DE SASTAGO

The flower is a deep reddish copper on the inside of the petals, with a reverse of deep golden yellow. Plants grow unusually tall and vigorous. Very striking, and always admired. 60c each.

CONTRAST

NEW. The combination of colors to be found in this exquisite bi-colored rose catches the eye at once. The reverse of the petals is milk white with bronze shading at the base, the upper face a superb shade of orange-rose. Flowers full petalled, fairly fragrant, produced in enormous quantity over the full rose season, grand for cutting. Patent Rights Reserved. \$1.00 each; 3 for \$2.50.

COUNTESS VANDAL

Long artistic buds, a rich blend of pink, copper and gold, borne singly on long stiff stems ideal for cutting. Will mildew slightly in some sections. The "Countess" has become famous wherever roses are grown, and it is our favorite rose. You cannot buy a more beautiful or successful rose for your garden. Plant Patent No. 38. \$1.00 each; 3 for \$2.50.

CRIMSON GLORY

NEW. This has been acclaimed the finest new red rose of the past several years, and we can hardly restrain our enthusiasm for it. The full, well formed, fragrant blooms are a dark vivid crimson, with a velvety sheen, on a big husky floriferous plant. We can recommend this variety very highly. Plant Patent No. 105. \$1.00 each; 3 for \$2.50.

CYNTHIA

Excellent buds of glowing deep, rich rose on long sturdy stems. Vigorous grower of unexcelled quality, with dark green foliage that is mildew resisting. The color and form is comparable to Charles P. Kilham, to which it is related, but the plant growth is much better. 75c each.

DAME EDITH HELEN

Extremely double, rich glowing pink of fine form and color. Very fragrant. Blooms are lasting, and the plants tall and vigorous. 60c each.

DICKSON'S RED

A glowing scarlet-red rose from Ireland. Perfect form, free blooming and fragrant, with long stems for cutting. This rose holds its color in all kinds of weather. Selected as an "All America Rose Selections" winner for 1940. Plant Patent No. 376. \$1.00 each; 3 for \$2.50.

DUQUESA DE PENARANDA

Large pointed buds, opening to a big double flower of coppery apricot and bronze. One of the finest of the highly colored newer roses. 75c each.

ECLIPSE

Long, yellow, streamlined buds, enhanced with ornamental sepals. Has been a consistent medal winner on its perfect form wherever displayed. A prolific bloomer on a strong, upright growing bush. Chosen "Queen of Show" several times. Plant Patent No. 172. \$1.00 each; 3 for \$2.50.

EDITH N. PERKINS

Delicate colors blended in blooms of light cerise pink and gold. Plants grow vigorous and tall. A popular favorite. 60c each.

EDITOR McFARLAND

Very shapely buds, and perfectly formed brilliant pink blooms. A good cutting and keeping rose on a big robust plant. Named in honor of the past president of the American Rose Society. 60c each.

E. G. HILL

A very large rose of dazzling scarlet, shading to a deeper red. Very double and large, and exceedingly fragrant. 60c each.

ETOILE DE HOLLANDE

A large dark velvety red rose that does not fade or blue. Has been considered for many years to be the best all around dark red rose for the garden. 60c each.

FAIENCE

A genuinely lovely flower in both form and color, with beautifully modelled buds of two-tone peach-pink and yellow, that open into handsome flowers of 50 petals. It is long lasting, and a superb cut flower. We recommend this rose highly because of its rich pastel coloring and fine cutting qualities. \$1.00 each.

FEU JOSEPH LOOYMANS

Golden orange buds, opening to cup shaped flowers of striking yellow, tinged with apricot; very fragrant and double. 60c each.

GOLDEN DAWN

A sweetly scented, very double flower of rich sunflower yellow. Very vigorous, bushy grower. Glossy, disease resistant foliage. 60c each.

GOLDEN RAPTURE

A NEW fine yellow rose of which we are very fond. Long lasting, beautifully formed buds, opening to fully double, rich yellow blooms. A vigorous grower, with long strong stems. 75c each.

GRENOBLE

Beautifully shaped, long stemmed blooms, of scarlet crimson. Very fragrant and of exceptional form. A consistent performer. 60c each.

HADLEY

An old favorite, and a very fine dark red rose. The buds are double, long and pointed, making it a fine rose for cutting. 60c each.

HEART'S DESIRE

A NEW rose for 1942, which we are happy to recommend, after observing it in our test garden last year. Exquisite, slender buds of deep velvety red which do not fade. True, rich old-time rose fragrance. Highest winner in "All America Rose Selections" for 1942. Plant Patent No. 501. \$1.50 each.

HINRICH GAEDE

Another brilliant two-toned rose of vermilion and old gold. Well formed long pointed buds, good for cutting, and most colorful in the garden. 75c each.

JOANNA HILL

A deep cream yellow of perfect form. One of the finest roses grown, and especially valuable for cutting and display purposes. A consistent winner at rose shows. 60c each.

LEONARD BARRON

Extremely large, full blooms of buff-pink and gold. Very hardy. One of the largest roses we have ever seen. 60c each.

LORD CHARLEMONT

High-centered flowers of deep crimson which are extremely fragrant and ideal for cutting. One of the most popular and successful roses grown. We cannot recommend it too highly. 60c each.

LOS ANGELES

Flame pink, toned with coral and gold. Strong grower and prolific bloomer. Should be in every garden. 60c each.

MAJOR SHELLEY

This NEW outstanding rose has been awarded the highest award of the National Rose Society of England, and the originators were requested to name this superlative rose in honor of the past president of that society. Color is deep scarlet, the blooms are well formed with a high pointed center. Very fragrant and vigorous. A very fine variety. Patent Rights Reserved. \$1.00 each; 3 for \$2.50.

MAX KRAUSE

Long yellow bud and cup formed bloom of great substance freely borne on long stems. The big double, golden flowers are very striking, and last a long time when cut. The foliage is large and leathery, and disease resistant. Fragrant. 75c each.

MC GREY'S IVORY

Possibly the best white rose. Buds are long and pointed, of good form, opening to a perfectly formed flower of creamy white, with yellow at the base of the petals. Excellent for cutting or shows. 75c each.

MC GREDY'S SALMON

The delightfully fragrant flowers are a beautiful shade of apricot-pink, and are produced bountifully on a sturdy, vigorous bushy plant. Rich dark green foliage. A distinct addition to the Mc Gredy group of garden roses. NEW. Plant Patent No. 410. \$1.50 each; 3 for \$3.75.

MC GREDY'S YELLOW

Flowers are large and of a bright buttercup yellow, of good form. A really fine rose, and a very prolific grower and bloomer. 60c each.

MME. EDOUARD HERRIOT

A very free bloomer of coral red, toned yellow at the base. Fine to use for color in the garden, but not too good for cutting. 60c each.

MME. HENRI GUILLOT

NEW. Color is watermelon to raspberry-pink, heavily veined with reddish orange, which produces a flame-like glow. The long artistic buds open to large, camellia-shaped blooms that are 4½ inches across, and have a velvety texture. Winner of the 1936 Bagatelle Gold Medal. One of the finest roses of the year and we recommend it highly. Plant Patent No. 337. \$1.25 each; 3 for \$3.15.

MME. JOSEPH PERRAUD

Judged the most beautiful rose of France for 1934. Long slender buds of nasturtium orange open to double, fragrant flowers of nasturtium buff, with shell pink at the edge of the petals. A strong upright grower, and a prolific bloomer. An exhibition rose of highest quality. Will mildew in wet weather. 75c each.

MME. JULES BOUCHE

White. An old but popular variety. Nicely formed white buds that show a slight blush in the center as the bloom opens. Fragrant. 60c each.

MRS. E. P. THOM

Profuse strong bushy plants, with blooms of a deep canary yellow. One of the best and most popular yellow roses. 60c each.

MRS. PIERRE S. DU PONT

A very fragrant flower of deep golden yellow. For color and form this rose is among the best, and certainly is the most prolific. The attractive glossy foliage is highly disease resistant. 60c each.

MRS. SAM MC GREDY

A wonderful combination of colors; scarlet, orange, heavily flushed with Lincoln red on the outside of the petals. Buds are large, long pointed; flowers double, fragrant, and very lasting. One of the best garden roses in commerce, and possibly the most outstanding rose of this famous hybridizer. 60c each.

PEARL S. BUCK

New last year, and has been widely acclaimed everywhere. The pointed bud is orange, and as it opens, it lightens to a deep yellow with tinges of apricot. Tall grower, with big healthy foliage. The buds and blooms are of exhibition quality, and deliciously fragrant. Plant Patent No. 423. \$1.50 each; 3 for \$3.75.

PEDRABLES

The long pointed yellow buds gradually open to cream and finally glistening white, with a cushion of yellow stamens. Fragrant. Makes huge robust plants, and produces more flowers than any other variety we know. This is a gorgeous NEW rose that you should have in your garden. 75c each.

PICTURE

It is truly a picture, and another outstanding Mc Gredy variety. Has classic form with a high center and the outer petals reflexed. Color is a velvety rose pink with an undertone of salmon. An abundant bloomer with sweet pea fragrance. 75c each.

PINK DAWN

A NEW rose that is going places. The long pointed buds are of a deep rose pink with an orange tone. The flower is very double, with splendid lasting qualities and is unusually fragrant. The plant is a profuse bloomer and a vigorous upright grower. We can recommend this variety very highly to the most critical. 75c each; 3 for \$2.00.

POINSETTIA

A brilliant red NEWCOMER, which may be described as a Poinsettia scarlet. The buds are ideal in form, long and pointed, fairly full petalled, a good grower, and fine as a cut flower. Awarded a Certificate of Merit by American Rose Society, 1938. \$1.00 each; 3 for \$2.50.

PRES. BOONE

In color, it is a pure rich crimson scarlet, very double, delightfully fragrant, and perfect in any stage of development. It bears flowers in lavish quantities, which are of phenomenal size and substance. We consider it one of the finest. Plant Patent No. 314. \$1.00 each; 3 for \$2.50.

PRES. HERBERT HOOVER

Long pointed buds of orange scarlet, opening to a very large flower of orange and pink. Good for cutting and a tall upright grower. A famous American rose that outsells all others. 60c each.

RAPTURE

An old variety that is still very popular. The color is a bright light pink toned with apricot. 60c each.

REX ANDERSON

An excellent NEW white rose. The creamy white buds are long and pointed, high centered, and are freely produced on a large, strong vigorous bush. We admire this Mc Gredy rose more each year, and consider it the best of all white roses. Plant Patent No. 335. \$1.25 each; 3 for \$3.15.

ROUGE MALLERIN

A very fine dark, velvety red rose. Flowers are very double, with many petals. It has that rich old Damask perfume that all red roses should have. Winner of many gold medals. 75c each.

SANTA ANITA

A newcomer to our test gardens last year which we think one of the finest new roses. The buds are perfectly formed, high centered, slender and of a rich deep pink which does not fade. Bushy plants bloom heavily all season. Another "All America Roses Selections" winner for 1942. Patent Applied for. \$1.50 each.

SIGNORA

Long buds of burnt sienna, opening to a lighter hue toward Mandarin red and salmon. Tall growing with handsome glossy foliage. A masterpiece in both plant and bloom. This variety is always greatly admired in our gardens. Plant Patent No. 201. \$1.00 each; 3 for \$2.50.

SIR HENRY SEGRAVE

A large high centered, beautifully formed, fragrant flower of primrose yellow, borne on long strong stems. Plant is a strong upright bushy grower and a continuous bloomer. Another excellent rose that will surely delight. 75c each.

SOEUR THERESE

It has a long pointed bud of golden yellow, often streaked with carmine, opening to a large semi-double flower. Foliage is leathery and disease resistant. Fine. 60c each.

SOUTHPORT

Brilliant scarlet, slender buds in great quantity, produced on long stems. Remarkably strong upright growth, much branched. Rich Tea fragrance. 75c each.

STERLING

Bright pink flowers of splendid form come singly on vigorous growing plants. A consistent winner at rose shows everywhere. The beautiful blooms come singly on strong, erect stems. It has intense, true rose fragrance. One of our favorites. Plant Patent No. 21. \$1.00 each.

SUNKIST

An improved Joanna Hill. Double, long lasting coppery orange blooms on long straight stems ideal for cutting. 60c each.

TALISMAN

The color is a mixture of red, yellow and copper in varying proportions. The buds are long, making it an excellent cut flower. 60c each.

TEXAS CENTENNIAL

A most striking rose of blood red, toning to cerise red in the center. A red sport of the very popular Pres. Hoover rose. 60c each; 3 for \$1.50.

TREASURE ISLAND

This NEW rose is an improvement over Countess Vandal, which is one of its parents. Long pointed, two-toned buds of brilliant coppery orange and salmon pink, on long stems that are ideal for cutting. It is a darker color than the "Countess," and colors well at all times during the season, and in any weather. Winner of many medals and awards. \$1.00 each.

THE DOCTOR

A NEW pink rose that is breath taking in its beauty. The originators regard this variety as one of their greatest achievements in rose breeding, and we heartily agree with their opinion. The buds are long and pointed, expand to a simply enormous bloom, sometimes six inches across, in their fully developed state. The color is an exquisite silvery pink, uniform in color both in bud and open flower with a fragrance so intense that it can be detected many yards away. 85c each; 3 for \$2.15.

VICTORIA HARRINGTON

A velvety non-fading very dark red with a bud that is still darker. Intensely fragrant on free flowering plants. Bush is strong, vigorous, with clean foliage. Excellent. 75c each.

WILHELM KORDES

The flower is a deep golden salmon, with copper-red tints on the outside of the petals. Rich bronze foliage that is healthy and disease resistant. Always admired in our garden. 60c each.

WILL ROGERS

Flower is very double, lasting and fragrant, and velvety maroon crimson in color. The plant is very vigorous and a profuse bloomer all season. The darkest red rose we offer. Plant Patent No. 256. \$1.00 each.

Kirkland's Quality

LOVELY CLIMBING ROSES

The following list contains climbers for every possible use, such as; pillars, screens, on fences, over archways, trellises, against walls, etc. The selection is rather large this season as there is a wealth of fine new varieties to choose from. We have listed only those types most successful in our section.

Climbers are generally divided into two types; the Everblooming, which may need some protection in exposed situations, and the very hardy June blooming climbers. The Everblooming climbers are of the large flowered class, usually blooming intermittently all Summer. The June flowering climbers bloom only once in the Spring, and are of the strong growing or rambling types. Top size plants only.

AMERICAN BEAUTY

An old favorite, hardy dependable climber. Produces great trusses of fragrant carmine blooms in the Spring. 60c each.

BLAZE

Hardy everblooming scarlet climber. Blaze combines the vigor, beauty, and hardiness of Paul's Scarlet Climber. Plant Patent No. 10. \$1.00 each; 3 for \$2.50.

CALEDONIA

Long pure white buds, and flowers of a very large size. A vigorous growing, climbing sport of the bush Caledonia. A repeat blooming climber. Very fine. 85c each.

CECILE BRUNNER

This attractive climbing rose, with its great quantities of perfect little miniature pink buds and flowers is a favorite everywhere, being known as the "sweetheart rose." Exceedingly vigorous, with dense handsome foliage. You can cut a bouquet of beautiful buds from it any time in the season. 85c each.

COUNTESS OF STRADBROKE

One of the most beautiful flowers grown, whether on a bush or a climber. This striking variety is Everblooming, and the big, long stemmed flowers are of exhibition quality. The large double blooms are a deep glowing velvety crimson in color and highly fragrant. Greatly admired by visitors to our gardens at all times. 75c each; 3 for \$2.00.

COUNTESS VANDAL

A small growing climbing sort of the famous bush "Countess." A splendid producer of those beautiful two-toned flowers that are even larger and finer than the bush variety, if that can be possible. Blooms constantly. \$1.00 each; 3 for \$2.50.

DAINTY BESS

NEW. The most popular of all single roses now available as a climber. Strong growing Everblooming climber with flowers the same as the bush. 85c each.

DUQUESA DE PENARANDA

NEW. One of the finest highly colored roses. Long, pointed buds, opening to a big double flower of coppery apricot. Large healthy foliage. Large growing everblooming climber. \$1.00 each.

ETOILE DE HOLLANDE

Let Us Help You Plan Your Garden

Home owners find our specialized Landscape Service to be economical and eminently satisfactory. Savings result from experienced planning. Overplanting, later alterations, and losses due to the use of unsuitable material are avoided.

Equally important, authentic and distinctive design is assured. The design work is carried out by trained Landscape men, and from designer to field superintendent, each member of our staff is a specialist, with many years of practical experience in their particular field.

The responsibility of the Kirkland Nursery Co., stands behind all work undertaken. A definite cost estimate, including labor and materials, is submitted in advance. Or if preferred, the work will be handled on a cost-plus basis. No contract is too large or too small. **YOUR INQUIRIES ARE INVITED.** Call at our nursery store at Bountiful, or telephone us by calling Bountiful 300, and we will call at your home.

MAIL ORDERS

Your mail orders will receive our prompt and careful attention. Stock will be carefully selected and packed to reach you in perfect condition, and shipped at the proper planting time. All shipments travel at the expense of the purchaser. We do not like to send plants or other perishable goods collect on delivery, and do so only at your risk.

All mail orders are strictly cash with order. All local orders are cash, or will be delivered C. O. D., unless satisfactory credit arrangements are made. Our address: Kirkland Nursery Co., Bountiful, Utah. Telephone Bountiful 300.
